**PETITIONING THE COURT**

[X] To modify the conditions of supervision as follows:

**CAUSE**

Mr. Bakhtiar is 67 years old and was diagnosed with colon cancer while in custody. He was released at sentencing and temporarily resided with a friend in Middletown, New Jersey. The offender was not placed on home confinement at that time due to the residential circumstances and his health issues. Shortly thereafter, Mr. Bakhtiar secured Social Security and medicare benefits, relocated to his own apartment in Elizabeth, and recently began radiation treatment in Staten Island, New York. Due to the radio frequency associated with the electronic monitoring device, doctors recommended against the use of this device while undergoing testing and radiation treatment, due to possible harm to the patient. As such, we respectfully request that the electronic monitoring application be removed and the offender be placed on non-electronic home confinement through our voice verification system.

Respectfully submitted,
